PATRONS MESSAGE

The Litchfield Bears have already established a proud tradition of commitment, hard work, self sacrifice and loyalty. These qualities are an integral part of being a Territorian and an Australian and when channelled through a football club by a large number of dedicated people over many years, create a GREAT club. Its timely to thank all those people (some, sadly are no longer with us) as we build on these traditions for the future.

It is a rare privilege to be the patron of such a club and a responsibility I take seriously. The past ten years have created high standards of success as well as clubmanship and have set up the Litchfield Bears Rugby League Club for a very bright future.

Chris Lugg
Club Patron & Former MLA

NOTE FROM THE EDITOR

This publication has been produced at the request of the Litchfield Rugby League Club and is primarily intended to capture the first 10 years of club history under the name of Litchfield. The Litchfield RLC is the continuation of the Waratah-Southern Districts RLC, which changed its name, colours and emblem at the end of 1990. The origins of the club can be traced all the way back to the formation of the rugby league competition in Darwin in 1950. The club has descended from the "Wallabies RLC" which was one of the original foundation clubs. The Wallabies RLC changed its name to Waratah-Wallabies in 1965 and another change was made in 1968 when it became the Waratahs RLC. A further name change occurred in 1985 when it became Waratah-Southern Districts RLC, which brings us to the final change made at the end of 1990, to Litchfield RLC.

PRESIDENTS INTRODUCTION

As the current president of Litchfield Bears, I have been given the privilege of writing the introduction to this 10-year history of our great club. I was a founding member of the first "Litchfield Rugby League" committee and have watched with pride as the club has grown from strength to strength.

Much of the advancement can be attributed to the continued assistance of our sponsors and the tireless efforts of fundraisers, parents and coaches who give freely of their time to ensure the club's continued success. Their endeavours have underpinned those of our great players and made this club what it is today. Credit must also be given to our loyal supporters who have also played a vital role in the club's accomplishments.

From humble beginnings, we have demonstrated that this club ranks among the best that rugby league has to offer in the Territory. During the past ten years Litchfield can lay claim to having taken out five senior premierships in succession. In addition to several reserve and junior grade premierships, we have also won the Club championship for the past eight years and can take credit for having supplied a large percentage of the NTIS squad over the past few years. Truly a record for us all to be proud of.

I would like to say that I am pleased to see our junior program in place although unfortunately not yet operating to its full potential. Clubs are a reflection of the quality of their players and I envisage that Litchfield's continued success lies in our ability to produce the best possible all-round rugby league sportsmen in the Territory from within our own ranks.

This history and our previous year books would not have been possible without the untiring efforts of our club historian, Paul Albion, and for this he has our heartfelt thanks. I am sure that we will all appreciate his endeavours as we join him for this trip down memory lane. The book will revive old memories for some and form the basis of future memories for others as it revisits events of the past ten years with the Litchfield Rugby League Club ... GO YOU BEARS.

Heartaches

"We have to believe in free will. We've got no choice." Isaac Bashevis Singer

The club has enjoyed some great times but not without a certain amount of heartache. Even during our peek times, club survival has always been a struggle and club loyalties are continually being tested. Being in the Darwin Rural Area has also had its advantages and disadvantages. To some extent it has been a deterrent for "city" players to travel to Freds Pass, even though it is only 10 or 15 minutes from Palmerston. Also, many of the young players who grow up in the rural area and play as juniors, move away after they leave school, get jobs, etc and end up living in the city areas. Many are reluctant to return to the club because of the perceived distance out of town. The concept of distance in Darwin is a parochial thing as 'down south' people will often travel great distances to training or to work each day without batting an eyelid. In Sydney or Brisbane it could take you an hour or two of solid driving or on the train or bus to get to and from work each day - this is the norm in those places and many people don't realise how lucky we are that we don't have to go to such lengths. The club does get great personal support from the rural community though, and this is where the club derives its strength. Even though the community is not rich in resources or monetary terms, the people of the Darwin Rural area are tremendously close knit and will go to great lengths to help each other out. The kids in the rural area don't always get the same access to sporting, playground, shopping or recreational facilities as their city cousins and opportunities are maximised with parents often sharing daily or weekly travelling responsibilities. Its basically the families who make it happen and fortunately there have always been enough people with the strength, enthusiasm and loyalty in this respect to keep the club going. From my own experience in this area it seems that the harder it gets for the rural community, the more determined they are to succeed and help each other out.

Myths

One of the myths, which I would like to dispel, is the notion that our club is or has been a very rich club. During the mid 90's in particular (when we were in the process of winning a record number of A Grade premierships) many people made the comment that we were a rich club. The club has never been rich in monetary terms but it has been extremely hard working and has had some great sponsors. In fact, like most other clubs we have been in the red and the black at various times over the years. Fundraising has always been hard work and times are not getting better in this respect. The club is rich in one respect though, rich in talent at all levels (committee, coaches, trainers, seniors & juniors) and many other clubs have been most envious of this fact.

As mentioned earlier, the club has had some great times but is currently experiencing a rebuilding, particularly at senior level. Both the A Grade and the Reserve Grade teams have missed the finals on only two occasions in the past ten years and for the A Grade, 2000 was the first year that they have missed out on a finals berth since the their first year in 1991. This is a situation that the club will be keen to rectify. The juniors have maintained their consistency and hopefully the club will retain their loyalty in future years so that our senior teams can become the power house of Darwin Rugby League once again. The following table tells the story of the most successful Darwin rugby league club over the past decade, and although we are going through some hard times at present, statistically we are still streets ahead of most other clubs.

LITCHFIELD'S MATCH STATISTICS OVER THE PAST 11 YEARS

TOTAL	125	56	3	5761	3313										

Spectator Involvement

One aspect of the clubs character, which truly deserves a mention, is our spectator involvement, particularly during the nineties. We had some great players on the field however a small collection of our spectators also did us proud with their very vocal support. There is nothing more satisfying or exciting than to hear the crowd yelling support for ones team and having the team respond. It's a healthy sign when supporters are willing to cheer on the players and of course offer a bit of friendly advice to the opposition players and spectators, not to mention a few helpful hints and comments for the referees. In fact, the game will only thrive if players and spectators remain passionate about the game and officials should be careful not to extinguish this passion particularly if it is of a non-violent nature. Hopefully this tradition will continue.

Club Song

"If life was fair, Elvis would be alive and all the impersonators would be dead." Johnny Carson

While on controversial subjects, our club has not always pleased League officials and our senior club song has come under attack on numerous occasions. In these days of language enlightenment, it is surprising the fuss which can be made over a few lyrics. The clubs senior victory song is rarely used in public, being confined to the seniors change rooms or special 'seniors only' occasions. It is not used or encouraged at any junior matches or functions. Those who are unpleasantly surprised, shocked or offended by the language contained within the song have indeed had a very sheltered life. I mostly find the quality of the singing to be more offensive.

The Future

"If you fail to plan, you plan to fail." old saying

Many challenges remain for the club committee, including a re-building of the senior part of the club and maintaining our quality junior program. Over the previous few years the club has been pre-occupied with the building of the club house, fund raising etc and many of the previous committee have exhausted themselves and taken a rest. It is now time for new blood to take up the challenge and continue the hard work. The clubs resources have also been depleted, however there is an infrastructure in place which only needs a little enthusiasm to make it work. As a club, we now have the best facilities of any of the local Darwin clubs.

We have expanded from 8 teams in 1991 to 15 teams in 2000. The workload has also expanded accordingly however the committee has not expanded to the same extent. Running a club this size requires a huge amount of organisation and a large number of volunteers. I would implore anyone in the rural area who has some free time during the season, to come forward and lend a hand. The club needs equipment managers, coaches, runners for water, ball boys, first aid sports trainers, etc for each team plus other support people to be involved in rostered Junior League duties, grounds set up, running the canteen, etc, etc. as well as regular committee meetings and other DRL / JDRL meetings. The club has always had a "make it happen" attitude but is currently in need of more sponsors, and people with management and organisational skills.

The pressure must also be kept on the DRL to roster more home games and to assist clubs to establish their own home grounds. If the local clubs are to become viable and strong competitors in the long term, then they must establish firm home grounds and a solid community support base. Our club has lead by example in this respect and other clubs should be encouraged to follow. The DRL should also be encouraged to reward clubs (with home games) otherwise there will be little incentive for clubs to follow.

A chain is only as strong as its weakest link and the same can be said for the League. There is little value in only having two or three strong clubs with the rest very weak. A strong League will only come from a strong competition. The stronger clubs need to share responsibility with the DRL/NTRL in being more supportive and more flexible with those clubs that need assistance. If you can make them stronger then the competition will also be stronger, if you get rid of them, then you have only achieved a smaller and a less significant competition. Improve the clubs and the League as a whole will improve also.

Unfortunately there are no short cuts, no quick fixes and success does not come out of a can. A successful club only comes about through hard work with people who expect results from their hard work. If you don't put anything into it, then you won't be disappointed if you get nothing out of it. This is a mistake, which many make. You may get some short term enjoyment out of a windfall however if you're not putting in the work then expectations wont be as high as those who are putting in the effort, and it wont be long before you're back where you started.

Running a club is a huge team effort, and all I can say is, keep up the hard work and lets make it happen again.

Supporting Rugby League in the Rural Area

SEASON OVERVIEW (DRL SEASON No 42)

The Litchfield Rugby League Club had its first season under this new name in 1991. In 1990, the club was called Waratah-Southern Districts and the change came after the season when the AGM was called. The new committee, under newly elected president, Dave Sanders, appointed local personality, Graeme Gow as the A Grade coach for the season and set about the task of re-establishing the club. The change of name was an emotional time and feelings/expectations were high for a successful season. In 1990 the clubs A Grade had finished last and a repeat was out of the question. The club had retained the services of many of the previous years team and had picked up a number of new players as well as having a bevy of young guns emerging from the junior ranks. On paper the squad looked very strong and they trained the house down in the preseason. As a promotion the club also enlisted the services of Steve "Blocker" Roach to visit Freds Pass for a pre season training session. Blocker's appearance was well received and the juniors were also given a rare opportunity to meet and show their skills off to one of the legends of the game. During the preseason competition the A Grade won their first 3 matches and were looking good, particularly after defeating last seasons minor premiers South Darwin and then last seasons reigning premiers Brothers in their first and second round encounters. Brothers had won three consecutive premierships at this point and were still the team to beat. Litchfield then came up against Nightcliff as hot favourites but were soundly defeated. The bears recovered to win their next match and proceed through to the preseason final against Brothers. The slightly over confident Bears were defeated by Brothers in a hard fought final 28 - 22.

The Bears started the season in brilliant fashion winning their first four matches in a row and were the competition leaders for the first half of the season. Club players like Anthony Clariage, Ray Church, Grant Pointing, Shawn Lawson, Leon Barlow and Frank Carbone were in brilliant form. As the season progressed, it became evident that five of the six clubs would be vying for the top four positions and little would separate them all season. In fact, after round 10 the top 4 were all locked on 12 points with the 5 place only a couple of points behind. At this point Litchfield was on top on percentage however wins were hard to come by and in the space of a couple of games were in 4th position, again on percentage. After the last minor round match, the top 2 teams (Casuarina and Top End Raiders) were clear at the top of the ladder with the next three (Brothers, Litchfield & South's) on equal points with percentage only separating them. As such, Litchfield was in fourth place with South Darwin in fifth place and a mid-week play-off was required to determine who would progress to the finals. The Bears had shown much promise during the season and went into the play-off as hot favourites, particularly as they had beaten Souths in each minor round match during the season. Unfortunately, the Bears were humiliated by South's 18 - 4 and were denied a place in the finals and had to settle for fifth place, only one place up the ladder from the previous season.

The Reserve Grade fared even worse by coming last, however the junior side of the club showed some glimmer of light when the Under 13's coached by Lindsay Leysley won their Grand Final against Casuarina 22 - 14. The Under 15's also made it into the Grand Final but were defeated by Nightcliff.

Season statistics (A Grade premiership matches only)

LITCHFIELD	Minor	SCORE	Minor	SCORE	Minor	SCORE
verses	round	Litch - Opposition	round	Litch - Opposition	round	Litch - Opposition
South Darwin	1	26 - 10	6	42 - 2	11	26 - 18
Top End Raiders	2	32 - 14	7	14 - 18	12	18 - 26
Brothers	3	26 - 18	8	12 - 32	13	24 - 44
Nightcliff	4	39 - 18	9	16 - 32	1/	38 - 20
Casuarina	5	22 - 26	10	38 - 26	15	16 - 28

Litchfield finished the minor rounds in 4th place on percentage and lost to South Darwin 18 - 4 in a mid-week play off to see who would progress to the finals. As such Litchfield finished the season in 5th place after the play off. South's were knocked out of the finals race by Brothers in their next encounter. Brothers went on to win the premiership after also defeating Top End Raiders 34 - 12 in the Preliminary final and then Casuarina 28 - 12 in the Grand Final.

"The difference between what we do and what we are capable of doing would suffice to solve most of the world's problems." Gandhi

SEASON OVERVIEW (DRL SEASON No 52)

Although this booklet is intended to capture the first 10 years of the Litchdfield RLC, the next 10 years has already started and it would not be complete if we didn't give the club a push start towards a successful future. Season 2001 started with several changes to the committee, however John Bell was re-elected president. John's committee for 2001 was as follows: Debbie Milne (secretary), Rose Baartz (treasurer), Jeff Rees (vp), Brendan Manning, Christine Fenwick, Paul Brown, Rod Connelly, Bob Brady and Luke Marshall. Brendan Manning left the committee a short time later, after being elected to the DRL Board of Directors as an independent Director (He was later expelled from the DRL Board in controversial circumstances). Paul Rubie (former -Brisbane Valleys and Litchfield Bears player and NT rep captain) was appointed A Grade coach and Doug Lee the Reserve Grade coach. Former assistant Bears A Grade coach and University A Grade coach, Lindsay Leysley, also returned to the club and took up a mentoring role. The committee embarked on a new fundraising method this season by raffling the A Grade sponsorship rights for the season (won by Top End Hire). The pre season raffle draw and club function was as a major success and gave the club a great start. The success was also helped by league legend Paul Sironen who was invited to be the guest of honour at the raffle draw and to attend training sessions the same week. Sirro's appearance was the major highlight of the preseason. The season started well for the Bears although they didn't figure in the preseason social competitions, they went on to win their first 3 premiership matches before going down to Nightcliff but recovered to win their next 4 minor round matches before going down to a fired up Brothers. Nightcliff also got the better of us again in the second round and third rounds. As the season progressed we developed some very good team work and a number of players struck some great form, particularly Arron Rowley, Mark Buckley, Dave Bolton, Joel Tomes, Sion Leysley, Daniel Clarke, Ben Thomas, Ben Clarke and Rhys Bradley when available. A bevy of young guns also impressed this season and the future looks bright with the likes of Liam McEnerney, Steve Lawford, Brian Hardwick, Shannon Cahill, Jai Shearsby and Andrew McLean moving through the ranks. Joe Carbone came out of retirement towards the end of the season to ioin Lloyd Pierce and Clint Storer as another prop combination in our forward pack. Three teams dominated this season, with Litchfield, Nightcliff and NTIS locked in a three-way battle for top spot. We ended third after the minor rounds, behind Nightcliff and NTIS, but injuries at the business end of the season put our finals campaign in serious doubt. The unavailability of Rhys Bradley and the knee injury to Aaron Rowley were disappointments before the finals. We went into the minor semi against Brothers fairly confident, however a number of fundamental ball control errors and a lack of urgency saw us playing catch up football for most of the game. We ended up going down 30 - 24 to finish on a disappointing note. The Reserve Grade finished as minor premiers and progressed through to the grand final with a solid 24 - 18 win over University in the second semi with only 12 men after Jackson Freon was marched after about 15 minutes into the first half. We also lost captain Mark Fitzgerald in the first half of this game, who had to be taken to hospital with a nasty gash under his eye. Unfortunately the reserves could not repeat the performance and went down 16 - 10 to University in the Grand Final.

However, the juniors once again impressed with the U17's, U15's and U11's winning their grand finals.

Season statistics (A Grade premiership matches only)

LITCHFIELD	Minor	SCORE	Minor	SCORE	Minor	SCORE
verses	round	Litch - Opposition	round	Litch - Opposition	round	Litch - Opposition
	1	bye	10	bye	15	bye
South Darwin	2	68 - 8	9	58 - 0	16	64 - 12
Palmerston	3	34 - 20	8	28 - 18	17	22 - 17
Brothers	4	26 - 24	11	16 - 34	18	30 - 26
Nightcliff	5	30 - 44	12	10 - 40	19	14 - 26
University	6	36 - 8	13	32 - 24	20	80 - 0
NTIS	7	26 - 8	14	24 - 20	21	10 - 16

NB. The DRL changed the order in which the matches were played for the second round. The minor round numbering indicates the actual order in which the matches were held.

Litchfield finished the minor rounds in 3rd position. Nightcliff defeated NTIS 38 - 10 in the Grand Final.

SEASON OVERVIEW (DRL SEASON No 43)

A smaller committee was elected at the AGM as follows: John Lawton (president), Dave Sanders (secretary), Jan Sanders (treasurer), Glenda Jensen, Neville Hayne, Lyle Mackay, Peter Youens, Kevin Page, Gavin Clarke, George Edwards, Maria Page, Shirley Hollingsworth and Don Firth. The club had gained a considerable amount of respect from the 1991 season but coach Graeme Gow had temporally relocated to Queensland. The club had also raised enough money to engage a professional player/ coach for 1992. The club had wanted to lift its image with a high profile coach for some time, and that opportunity now presented itself. Ian Howcroft, a champion player who played first grade for Western Suburbs in the NSWRL from 1987 to 1989 and then moved to West Australia in 1990 and became WA representative captain, responded to the clubs invitation and took up a coaching offer for the next two years. He also played previously in England for Bradford Northern (1986) before moving to Western Suburbs. Although in the twilight of his playing career, he still had a lot to offer as a specialist forward and his coaching methods were to set the club on a strict training regime for several years. Up to this point, the club had not actively looked for players, and were relying mostly on local talent to fill the ranks. The club then appointed Neville Hayne as player recruitment officer, and he wasted no time searching and signing new players. Neville was to hold this position for a number of years and was responsible for signing a number of very talented high profile players for the club. One of his first signing's was Russell King from Casuarina (Frank Johnson medallist from 1991) and the club also picked up a number of new players in town Mark Pitts-Brown, Anthony Matua & Chris Ricketts. Former club juniors, Frank Carbone, Brad Rogers, Leon Barlow and Fabian Francis were also among the strong A Grade squad.

The Bears had a slow start in the preseason winning their first match against Top End Raiders and losing the next two. They started to come good with two more preseason wins and narrowly missed out on a place in the preseason final. In the season proper they started in great form winning their first match and then being narrowly defeated by Nightcliff in the season proper they started in great form winning their first match and then being narrowly defeated by Nightcliff in the season defeated by Nightcliff in the season and encounter. Nightcliff had a formidable team this season, under high profile coach (and league legend) Steve Rogers, and were going to be hard to beat. The Bears went on to win their next 4 matches before again coming up against bogey side Nightcliff, who again defeated the Bears only more convincingly this time. Nightcliff were the front runners this season and Litchfield followed in second place throughout the season. The Bears lost a few matches in the latter part of the season but came home strongly at the end. One of the interesting incidents to occur this season was in the last minor round match between Litchfield and Brothers on 23/8/1992. With five minutes to go, referee Arthur Boland and the two touch judges Jason Horn and Bill Davies, walked off the field apparently in protest over undue rough play. Ian Howcroft, the Litchfield player/coach and Scott Clairage, the Brothers player/coach met briefly on the field and decided to continue with the game which was met with a huge roar of approval from the crowd. Play continued until the timekeepers blew full time. The players were then given a standing ovation as they left the field. The reserve grade ladder was almost a mirror image of the A Grade for Nightcliff and Litchfield, with the two clubs locked in the first two positions.

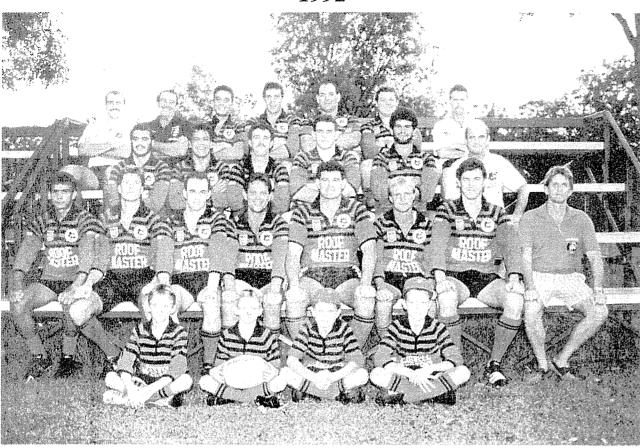

Finishing second in the minor rounds put the Bears up against Nightcliff in the 2nd semi finals. In A Grade, Litchfield had not beaten Nightcliff all year but that did not count in the semi final as the Bears convincingly powered their way into the grand final with a 36 - 18 win. Unfortunately the Reserve Grade were defeated in their 2nd semi final match and had to defeat Top End Raiders to make it back into the grand final. Nightcliff narrowly defeated South Darwin 26 - 20 in the A Grade Preliminary final to take their place in the grand final. In the Reserve Grade Grand Final the Bears were outclassed by Nightcliff 30 - 18 and a slightly overconfident Bears A Grade were also taken to the cleaners 28 - 0 by a resurgent Nightcliff.

The club had come from second last and last the previous year to be second in both senior grades this season. The club also captured another junior premiership when the Under 15's won their grand final and the Under 13's were runners up in theirs. This was considered a huge improvement on the previous season and although the club was in shock after the whipping by Nightcliff in the A Grade grand final, everyone was looking forward to the following season.

Season statistics (A Grade premiership matches only)

LITCHFIELD	Minor	SCORE	Minor	SCORE	Minor	SCORE
verses	round	Litch - Opposition	round	Litch - Opposition	round	Litch - Opposition
Top End Raiders	1	23 - 14	6	20 - 16	11	10 - 40

SEASON OVERVIEW (DRL SEASON No 44)

As with all seasons, 1993 started with another AGM and a new committee. John Lawton continued as President and the other elected members were as follows: Dave Sanders (secretary), Jan Sanders (treasurer), Neville Hayne, Ronda McAulliffe, Ben & Paula Bradley, Kevin Page, George Edwards, Lyle Mackay, Peter Youens, Lee Donnelly and Gavin Clarke. Ian Howcroft accepted a second year on his contract and continued as A Grade coach for 1993. We experienced a lot of player movements this season with a large number of last years team leaving. Russell King, Shawn Lawson, Paul McGuire, Len Barton, Fabian Francis and Chris Ricketts had all left for various reasons. A few new signing's plus our upcoming juniors still gave us a strong squad to work with. New players included Dean Noble, Steve Message, Mike Mendoza, Mike Coghlan and Talite Liavaa. Phil Matua also arrived to join up with his brother Anthony. These players, plus local talents Brad Rogers, Brenton Marschke, Joe Carbone, Richard Roe, Rod Keelan, Mark Buckley, Brad Richardson, Gerard Maley, Mark Fitzgerald and Bruce Jarmyn made up most of the A Grade squad. John Alder also transferred from Alice Springs mid-way through the season.

For the seniors, this was to be a disappointing season as they showed so much promise, however the hunger for a premiership was just not strong enough. A misunderstanding towards the end of the season resulted in Ian Howcroft missing qualifying for the final series by not playing a sufficient number of minor round matches. This was to be Howie's last season as a player and although he was plagued by a knee injury, he had paced himself and played a number of matches in an effort to qualify. Unfortunately, the club miscalculated the number of matches required and although fit to play, he was unable to take his place on the field in the semi final. This was a bitter blow which dampened the enthusiasm of the team and they bowed out in the first semi against Brothers 26 - 22. Reserve Grade suffered a similar fate also going down to Brothers 24 - 11 in the first semi final.

The juniors however were on fire. The DRL had changed the format for this season from odd year grades (U17, 15 & 13's) to even year grades (U18, 16 & 14's) and the club won premierships all three divisions to set a new standard in the junior league.

Season statistics (A Grade premiership matches only)

LITCHFIELD	Minor	SCORE	Minor	SCORE	Minor	SCORE
verses	round	Litch - Opposition	round	Litch - Opposition	round	Litch - Opposition
Nightcliff	1	4 - 66	6	18 - 22	11	26 - 14
Brothers	2	42 - 20	7	14 - 16	12	24 - 18
Casuarina	3	26 - 16	8	64 - 2	13	70 - 0

1993

SEASON OVERVIEW (DRL SEASON No 51)

Season 2000 started with a change of direction for the Bears as the club elected a new President in John Bell. Long time former president Lyle Mackay declined to contest the position at the AGM and retired from the committee. John's committee for 2000 was as follows: Carol Smith (secretary), Christine Fenwick (treasurer), Pat Brown (vp), Sue Meyering, Brendan Manning, Dave Bulte, Bill Allom, Paul Rubie, Bob Cahill & Mal Barnes. The club had fallen on hard times over the past couple of years and John was faced with a major re-building exercise. Financially the club was broke after heavy commitments towards the clubhouse and other normal running costs. Long time A Grade coach, Dean Noble had also announced his intentions to return to New Zealand and was unavailable for 2000. A number of players had also retired or left and the NTIS had recruited a large number of the clubs prominent juniors. Fortunately, the Reserve Grade coach from 1999, Brad "Marbles" Bates agreed to take on the A Grade coaching position and stay in Darwin for another year.

It was clear from the onset that the senior part of the club would have to dig deep to be competitive this season. The club then appointed a new Reserve Grade coach in Frank Carbone. Frank was a former junior and senior player for the club in the early 90's before having a stint as A Grade coach of South Darwin in 1997. His return was the major highlight at the beginning of the season.

The Bears started the season well, winning their two minor round matches in the short preseason competition however missed a place in the final (on percentage) despite being undefeated.

In the competition proper, they also got off to a reasonable start winning 4 of their first 6 matches, however the pickings became a lot thinner after that. A number of injuries also added to the problem with Todd Harley finishing his season prematurely after being in brilliant form early, also coach Brad Bates breaking his leg to shorten his playing career.

Club captain Richard Troutman and young guns Ben & Daniel Clarke, Joel Tomes, Aaron Brennan, Reece Page, Brad Dillon, Justin Clayton and Bradley Feeney had to shoulder a lot of responsibility this season. They were assisted by seasoned campaigners Mark Buckley, Paul, Joe and Frank Carbone, Mick Drury, Paul Hassall, Mark Fitzgerald and Scott Krum plus newcomers Phil Hunt and Craig Warry. Despite their poor form in the middle of the season, the club was well placed to make it into the finals. We failed to capitalise on critical matches at the end of the season, where we should have won comfortably. As such, the club failed to make it into the finals and were placed sixth overall. One of the highlights of the season was in minor round 12, against Brothers on 8/7/00, when all three Carbone brothers (Paul, Frank and Joe) each scored a try.

The Reserve Grade fared much better and finished the season in second position behind Nightcliff. They upset Nightcliff 26 - 10 in the second semi final to get into the grand final however couldn't repeat the performance in the grand final and went down 20 - 16 after the Dragons scored a run away converted try right on the bell to clinch the match.

Again, the juniors brought home the bacon by winning the Under 15 and Under 13 premierships.

NB. Towards the end of the year and after the season had finished, the club was deeply saddened when long time clubman and stalwart Jack Garland passed away after an unsuccessful fight against cancer. Jack was a close friend and spent many years coaching and nurturing the clubs juniors and will be remembered through a new club award, which the committee decided to introduce in 2001.

Season statistics (A Grade premiership matches only)

1994

SEASON OVERVIEW (DRL SEASON No 45)

At the AGM, towards the end of 1993, Lyle Mackay was elected the new President of the club along with the following committee: Dave Sanders (secretary), Jan Sanders (treasurer), Neville Hayne (vp), John Ascoli, George Edwards, Ben Bradley, Paula Bradley, Brendan Manning, Peter Youens & Peter Maley.

Dean Noble was approached, and accepted the position of A Grade coach for the coming season, after Ian Howcroft had completed his contract and returned to West Australia. Lindsay Leysley was appointed as Reserve Grade coach. The club only lost a few players in the off season and picked up quality players in Mike Hebden, Shane Day, Brian Stimson, Charlie Rawiri and Toby Hawea. The surprise pick up was Mark House, a very talented goal kicker from Nightcliff. These players, plus our continuing players ensured that we had a strong squad to begin with but it was now a matter of whether new coach Dean Noble and his assistant coach Anthony "Rusty" Matua (both of whom had never coached before) could weld the team together.

The preseason was filled with mixed fortunes for the Bears as we won 3 and lost 2 of the minor round matches to narrowly miss out on a place in the final. The Reserve Grade went one better by getting into the preseason Gatley Shield final only to be defeated by Nightcliff 34 - 6.

When the season proper started Deano was given a real baptism of fire with his first premiership match at our home ground at Freds Pass against Brothers. This is a match which most will want to forget as we were thrashed 48 - 4. We would not take anyone lightly after this and the Club bounced back to go through the rest of the minor rounds undefeated. Brothers still proved a thorn in our side however and held us to a 6 all draw in the latter part of the season. Litchfield were easily minor premiers in front of Nightcliff and Brothers. In fact Litchfield and Nightcliff were to finish the minor rounds locked in first and second position in both A and Reserve grades.

Both clubs met in their respective 2nd semi finals with Nightcliff pulling off a huge upset and winning in both grades and advancing to the grand finals. The Bears had to do it the hard way but both the A and Reserve grade made it through after wins against University 16 - 8 in Reserve Grade, and 25 - 10 against Brothers in A Grade. While we had high hopes in both grades, the Reserve Grade was to disappoint by losing to Nightcliff 24 - 4 however the A grade made it all worthwhile with a magnificent 16 - 14 win over Nightcliff. Dean Noble scored the winning try in the dying stages to seal the win after a very hard fought game.

The Under 17's also won their premiership defeating Brothers 21 - 4 in the Grand Final.

Season statistics (A Grade premiership matches only)

LITCHFIELD	Minor	SCORE	Minor	SCORE	Minor	SCORE
verses	round	Litch - Opposition	round	Litch - Opposition	round	Litch - Opposition

1999

"Sometimes it is more important to discover what one cannot do, than what one can do." Lin Yutang

SEASON OVERVIEW (DRL SEASON No 50)

After winning a record five consecutive premierships in the A Grade, a large number of players either retired or left. Paul Rubie & Toby Hawea retired, Mark House moved interstate, Mike Mendoza started work on a fishing boat and wasn't available until late in the season and long term assistant A Grade coach Lindsay Leysley accepted the A Grade coaching position with University. Phil Matua also transferred to University. Rhys Bradley moved to Katherine and had difficulty attending matches. Joe Carbone also retired for this season due to work commitments. Dean Noble was once again reappointed A Grade coach along with Brad Bates, the Reserve Grade coach. A rebuilding was soon under way and fortunately we gained a considerable number of new players. Unfortunately, many of the new players were servicemen from the army and their availability was sporadic. As such it was difficult to maintain a settled combination. Some of the new players included Peter Clark, George Carmont, Tim Pearce, Jason Iwikau, Darryl Fullbrook, Jeff Frazer, Aaron Caldwell, Scott Krum and Andrew Quan. A number of Reserve Graders were promoted this season and the remainder of the squad mostly included: Dean Noble, Lance Bradley, Lloyd Pierce, Mark Buckley, Andrew Doyle, Brett Flaherty, Peri Morunga, Richard Troutman, Ben Clarke, Tekeppa Russell, John Alder, Paul Carbone, Jackson Fearon, Matt Brady, Luke Marshall, Paul Hassall, Matt Marik, Peter Bamber & Bradley Hunt.

The beginning of the season proved to be somewhat of a disaster for the DRL, with Richardson Park becoming badly damaged after the National Beach Volleyball Championships were held there. A massive amount of sand was placed over plastic sheeting on the oval to cater for this competition, however it came unstuck when it started raining and the sand could not be removed for a number of weeks. The surface had to be re-grassed and it wasn't until the latter part of the season before league matches could be played here again. As such the DRL had to outpost all matches to other

Meanwhile, the DRL dispensed with the normal preseason competition and went straight into the premiership proper after the usual warm up social competitions. Nightcliff and Brothers had shown some glimpses of promise in these competitions. We lost first up to Brothers at Freds Pass 34 - 12 then an 18 all draw against NTIS before proceeded to win our next five games to put us up at the top end of the ladder behind Brothers. Newcomers, Tim Pearce and George Carmont along with Deano, Tekeppa Russell, Lloyd Pierce, Lance Bradley, Mark Buckley and Peter Clark were all in great form at this stage. Unfortunately, George Carmont returned to New Zealand and a bad run of injuries saw us collapse in the mid season but we did bounce back towards the end when Todd Harley and Kevin Quinlan transferred to the club after Palmerston pulled out of the competition. Also Jeff Frazer, Peri Morunga and Darryl Fullbrook started to become a deadly combination in the backs. Unfortunately Fullbrook left town just before the finals.

Brothers had also relaxed towards the end of the season and were overtaken by Nightcliff and Katherine to finish third on the ladder with Litchfield in forth place. In the 1st semi final we suffered a disappointing loss to Brothers 28 - 16 in a game which we believed we could win, especially after we had disposed of Brothers 38 - 10 in our previous minor round encounter. Brothers went on to be defeated by Nightcliff 24 - 10 in the Grand Final. The Reserve Grade won their 1st semi against Nightcliff 42 - 10 and then went on to defeat Brothers 12 - 6 in the Preliminary Final to book a place in the Grand Final against University. The Bears went down courageously 10 - 6 in one of the closest reserve grade grand finals for many years.

The Under 15's, under coach Paul Rubie, kept the club on track with a premiership after defeating University 28 - 22 in their grand final.

Season statistics (A Grade premiership matches only)

1998

SEASON OVERVIEW (DRL SEASON No 46)

"It is not the employer who pays wages - he only handles the money. It is the product that pays wages." Henry Ford

After our hard earned premiership win of the 1994 season, the club was still on a high as it approached 1995. The club was enjoying a new standard in excellence both on and off the field. Our AGM at the end of 1994, held at Lakeview Hall, was only attended by a small group which resulted in a small committee (the smallest that the club had experienced since it became Litchfield). Dave & Jan Sanders retired from the committee after many years of faithful service as did John Lawton (for the first time) after a virtual lifetime of committee work. The incoming committee included only eight members as follows: Lyle Mackay (president), Paul Albion (secretary), Sue Meyering (treasurer), George Edwards, Neville Hayne (vp), Peter (Squeak) Youens, Brendan Manning (juniors coordinator) and Peter Meyering. Small though it was, there was plenty of enthusiasm and everyone pulled their weight and no business was neglected. Dean Noble was re-appointed A Grade coach and as the season approached it became evident that we would be very strong on the field as we only lost a couple of players from the previous year (Rusty Matua and Mike Hebden returned to NZ and Shane Day returned to Sydney)

We also picked up some extremely talented players in Simon Moyle from local club University, Willie Pickering, Justin Baker & Craig Cochraine from Queensland and Andre Mertens from West Australia. All of which forced their way into an already formidable A Grade team.

We started the season by winning the social South Darwin 10-a-side competition but never really got going in the 7-a-side comp which followed. We proved too strong in the DRL preseason competition winning our two minor round matches and then defeating Nightcliff 36 - 30 in a hard fought preseason final in which the Bears played for most of the game with only 12 players after Dean Noble was sent off before half time. The good work did not end there and we continued on our winning way into the premiership rounds defeating all comers until we next played Nightcliff in round 5. This time they spoilt our unbeaten run by handing us our only real defeat for the season. Players who were performing well up to this stage of the season included John Alder, Talite Liavaa, Reggie Saylor, Justin Baker, Rod Keelan, Joe Carbone and Brad Rogers.

Not all the battles were being fought on the field however, as a few were also being fought in the board room. We suffered more losses in the board room than we did on the field, but by the end of the season it would be the clubs which would have the final say. Our biggest set back was the decision by the league to close the gates to spectator parking (a decision which was reversed next year). This matter infuriated our committee and supporters and caused our spectator numbers to decrease. Our club was performing at its best on the field, however the decisions behind the scenes robbed us of our spectators who should have been there to witness our finest moments.

Another issue which potentially divided the clubs, spectators and administrators was Super League. The DRL and NTRL at the time, found it extremely difficult to keep up with information on Super League and the ARL's opposition to it. The DRL board at the time found it difficult to get any clear direction and it was too hard to get timely information to the clubs. It proved to be a very emotional issue however, in the end, it boiled down to a clear business decision. The ARL had been sponsoring the NTRL to the tune of about \$120,000 pa and after some negotiations had suggested that it could be increased to \$150,000 pa, however they made it quite clear that there would be no further significant increase in the foreseeable future. Super Leagues final offer was \$250,000 pa plus an equivalent representative program for the seniors as well as access to fully funded national junior super league competitions for U17's and U19's. This offer was accepted although the junior competitions didn't quite eventuate as planned.

Meanwhile, back on the field, a different battle was raging and Litchfield was running away with the premiership. Mark House, Justin Baker, Mike Mendoza, Brad Rogers, Joe Carbone, Simon Moyle, Mark Fitzgerald, Phil Matua and John Alder were all having outstanding seasons. Towards the end of the season we did receive one bit of a scare when South Darwin raced away to a 32 - 20 lead with only 10 minutes till full time in round 13. Litchfield rallied however and denied Souths the win coming back to snatch a thrilling 32 all draw with only seconds remaining. Litchfield of course finished the minor rounds as minor premiers with Nightcliff being the closest of the rest. Talite Liavaa, Toby Hawea, Craig Cochrane, Rod Keelan, Simon Moyle and Willie Pickering were also in top form at the right end of the season and we approached the finals full of confidence. Litchfield cruised through the finals in an awesome display of class and strength defeating Nightcliff first, in the 2nd semi final and then again in the grand final after they had disposed of University in the preliminary final. Dean Noble and Lindsay Leysley proved to be a formidable coaching combination.

Our Reserve Grade and Under 19's also made it into the final series however were eliminated in the semis. Our Juniors had a magnificent year with the club taking out 5 of the 6 junior division competitions. The club was premiers in A Grade, U17, U15 and competition winners in U12, U11 & U10's. With such depth it is no wonder that we also won the club championship for 1995. This will no doubt be one of Litchfield's greatest seasons as to win 6 out of a possible 9 divisions is the stuff that only dreams are made of.

Super League/ARL negotiations heated up at the end of the season and the DRL & NTRL finally decided to go with Super League. Meanwhile there were a number of casualties along the way. Barry Bamford resigned as chairman of the DRL in August'95 and Arthur Boland became the temporary chairman until he also resigned in September'95. John Lawton then became the temporary chairman and remained in the position until the AGM when Lyle Mackay was elected DRL chairman under a new board structure. A couple of weeks later at the NTRL AGM, Mick Martin stood down as chairman of the NTRL in controversial circumstances and Warren Donald was elected as the new NTRL chairman.

SEASON OVERVIEW (DRL SEASON No 49)

1998 started with a new team in the DRL competition. The NT Institute of Sport (NTIS) team was established to provide a development stage for young players under the guidance of a professional coach. The concept was to provide a stepping stone for young players as they developed into senior players. Our club has been a major source of players for this team and our club has taken a keen interest in its progress, as hopefully, this association will not only benefit the players but the mother club as well. The DRL also introduced a women's competition this season.

Dean Noble was once again appointed A Grade coach and newcomer, Brad Bates was appointed Reserve Grade coach. Some new players including Peri Morunga, Nick Buckman, Brett Flaherty, Rod Partridge, Simon Cronin, Ben Mena, Kelly McGill & Eden Zerbst joined an already impressive squad including Phil Matua, John Alder, Richard Troutman, Mark House, Rhys Bradley, Lance Bradley, Lloyd Pierce, Mark Buckley, Paul and Joe Carbone, Paul Rubie, Jamie Ryan, Reece Page, Andrew Doyle, Charlie Dickman, Karl Sohl, Geoff Timms, Paul Hassall, Glenn Yetman, Ben Clarke and Dean Noble to name a few. Both the A and Reserve Grade floundered in the preseason however it was back to business when the season proper got under way.

The club was entering unchartered waters at this stage as no DRL club had ever won more than four consecutive premierships and we were determined to be the first. The A Grade won their first five premiership matches to be the competition front runners, however we faltered against Brothers when we were narrowly defeated 16 - 12. The Bears faltered again against Brothers 28 - 22 later in the season. Other than Brothers, University was the only other club to take a match off Litchfield in the minor rounds. As such we finished as minor premiers with Brothers second.

The second semi final against Brothers produced one of the most remarkable matches ever held at Richardson Park (now Harvey Norman Park). The game was a sea saw affair with the score changing hands a number of times as neither side could establish a winning break. Referee Kelly sent Paul Rubie off just before half time which left us with only 12 men. We went into the break down 10 - 8. With ten minutes to go brothers were leading 16 - 12 when Matua scored a try to make it 16 all. About two minutes later House kicked a field goal to edge Litchfield in front 17 - 16. Then with only a couple of minutes remaining Kelly awarded a penalty to Brothers right in front which gave them an 18 - 17 lead. With only seconds remaining Litchfield received a penalty just inside their own half. The Bears kicked for touch as the siren sounded and only the tap restart remained before the close of play. The tap was taken and the ball moved across field to Mark House who calmly attempted a field goal from about 40 meters out. The ball sailed over the black dot to lock the scores at 18 all, and force the match into extra time. Brothers (who had already started celebrating) were devastated and couldn't hold on as we scored in extra time to seal the game 22 - 18. It was a double blow for Brothers as we also defeated them in Reserve Grade 40 - 0 to progress to the grand finals in both grades. Brothers didn't survive the preliminary finals and we ended up defeating University 20 - 10 in the Reserve Grade and Nightcliff 24 - 18 in the A Grade grand finals.

The women's team were runners up in their grand final as were the Under 17's, however the Under 13 brought home the bacon once again defeating Palmerston 22 - 10 in their grand final.

NB. Ilimo Raquisia moved to Darwin during this season from Fiji and instantly won the hearts of all our players and supporters. He was a young man with enormous potential and while he preferred and excelled at rugby union he also made many friends at our club. Tragically, he contracted a rare illness a couple of years later and passed away quite suddenly.

SEASON OVERVIEW (DRL SEASON No 48)

The AGM at the end of 1996 was held at the site of our new clubhouse at Freds Pass. The building had started and the roof was on but very little else. The committee was keen to hold its first meeting in the new clubhouse even though it wasn't finished. A reasonably large number attended the AGM and quite a few changes were made to the make up of the committee. The committee for the 1997 season was elected as follows: Lyle Mackay (president), Kathy Boyd (secretary), Henrietta Watts (treasurer), Paul Albion, Jill Albion, Sue Meyering, Pat Mackay, Sue Tomes, Tracy Marshall, Neville Hayne, Peter Youens, Wayne Greenhalgh, Brendan Manning, Bob Cahill, Kevin Page and George Edwards. Peter Meyering (juniors coordinator) was also seconded to the committee at the next committee meeting.

Lyle Mackay was re-elected president of the DRL and the NTRL at their respective AGM's which were held a couple of weeks later. Kevin Page was elected the Litchfield Director to the DRL Board for 1997. It was very quiet between seasons and the 1997 season started a little earlier than normal which appeared to catch a few of the clubs napping. The South Darwin social 10-a-side competition was down on nominations with our club being the only club to nominate more than one team. The 10-a-side proved to be a welcome return home for Joe Carbone and new recruit Richard Troutman who both figured well in the Bears team. Our Litchfield Bears team cruised through this competition with the only real resistance coming from Nightcliff who we defeated in the final 22 - 10. The DRL "Gray Supermarket" 7a-side competition was similar with the Litchfield Bears defeating University 20 - 0 in a very one sided final. The "Drink Sense" pre season competition followed, and the Bears continued on their winning way in the early rounds. Then we came to the first representative game of the season with Darwin City playing Darwin Country in a mid week match. Litchfield had about 12 players in the Darwin Country team, which was narrowly defeated by the City team. We received quite a few injuries in this game and when it came to our next game, against Brothers, we were a little weary and lost our first game for the season. The final of the pre season competition was played the next week between Litchfield and Nightcliff. We played hard but Nightcliff were too good on the night and became the early season favourites, although we were not far behind. The Reserve Grade went on to win their preseason final for the "Gatley Shield" against South Darwin 12 - 10. This is only the second time that the club has won the Reserve Grade preseason competition, the first being in 1968.

In the season proper we had a terrible start as we fielded a unregistered player in our first match against Brothers, the scores were locked at 28 all when the game was stopped (due to a power failure). Brothers were subsequently awarded the match 20 - 0. This served as a bit of a wake up call as we then won our next four matches comfortably and lost to South's in our last minor round match of the first round. South's were very strong again this season and became the front runners of the competition with Litchfield in hot pursuit. We cruised through the second round but again stumbled against South's at the end of the second round. Lloyd Pierce, Rhys Bradley, Brad Shannon and newcomer Ilimo Raqisia were in sensational form at this stage. South's on the other hand had only dropped two games up to this point, both against University and continued on their winning way. We lost another match at the hands of Nightcliff, however we finished the remainder of the minor rounds without another loss. We narrowly defeated South's 24 - 22 in our third attempt in the last minor round match of the season. South's had been strong all season, however there were signs that they were fading towards the end and although it had taken us all season to get on top of them we weren't going to let them stop us now. We cruised passed them in the second semi final to book a berth in the grand final. It had been a long season for South's and they didn't want to face up to University in the Preliminary Final, as they were the only other side to get the better of them this season. University struggled to defeat South in the prelim final 20 - 16 which set the stage for a Litchfield v University grand final. This suited us as we had defeated University in all three minor round matches and the grand final proved to be no different as we won 28 - 14. Unfortunately this was one of the rare seasons in which our reserve Grade suffered from lack of numbers and did not make it into the finals.

Once again, our juniors kept the flag flying with a premiership in the Under 13 division while the Under 17's and Under 15's were runners up.

Season statistics (A Grade premiership matches only)

LITCHFIELD	Minor	SCORE	Minor	SCORE	Minor	SCORE
verses	round	Litch - Opposition	round	Litch - Opposition	round	Litch - Opposition
Brothers	1	* 0 - 20	8	60 - 10	15	28 - 18
Nightcliff	2	30 - 6	9	22 - 16	16	22 - 24
	3	bye	10	bye	17	Bye
Palmerston	4	52 - 10	11	66 - 0	18	62 - 4
Katherine	5	26 - 22	12	58 - 14	19	32 - 22
University	6	32 - 20	13	26 - 24	20	26 - 22
South Darwin	7	6 - 18	14	16 - 31	21	24 - 22

• This match was stopped 14 minutes early due to a power failure, with the scores at 28 all, however it was discovered that the Bears had fielded an unregistered player therefore the match was awarded to Brothers 20 - 0.

Litchfield finished the minor rounds in 2nd position. Litchfield defeated South Darwin 25 - 10 in the 2nd semi final. Litchfield defeated University 28 - 14 in the Grand Final.

Page 34

1996

SEASON OVERVIEW (DRL SEASON No 47)

"A champion team will always beat a team of champions." Old saying

For the club, the 1996 season virtually began immediately after the 1995 season was completed. Our AGM produced a larger committee than the previous season but all of the executive positions remained the same. The Litchfield committee for the 1996 season was: Lyle Mackay (president), Paul Albion (secretary), Sue Meyering (treasurer), George Edwards, Neville Hayne (vp), Peter (Squeak) Youens, Brendan Manning (juniors coordinator), Peter Meyering, Jill Albion, Sue Tomes, Tony Barker, Kevin Page and Bob Cahill. Dean Noble was once again appointed A Grade Coach. The season began with much DRL business and meetings as the Super League issue was at the forefront of all agendas. The DRL had undergone a restructure at its AGM and Lyle Mackay was elected as President. Each club was required to provide a Director on the Board and Paul Albion became the first Director to represent the Litchfield RLC under this new structure.

Not all of the 'between season' negotiations involved administrators as some clubs were also active in the search for new players. There were many new challenges to be met with quite a few players looking to new horizons. A number of our club players were snapped up by interstate/overseas clubs. Talite Liavaa gained selection in the Tongan World Cup team and travelled to England and remained there for the 1996 season with the Salford RL club. Mark House was contracted to the Western Reds after Steve Rogers had taken a job with them after leaving the DRL.

House'e caused some dramas when he returned to the NT after a falling out with the Reds, however the Western Reds had never applied for a clearance from Litchfield (or the DRL for that matter) until after he had returned to Darwin. The DRL Board had no hesitation in ruling in favour of his return. Promising junior Clint McAulliffe received a scholarship (for want of a better word) with the North Queensland Cowboys and remained in their feeder area of Townsville for the next few years. Another promising junior, Sion Leysley was picked up by "would be" Super League Club the Adelaide Rams, however returned to Darwin early in 1996 when the first court ruling against Super League was handed down. Phil Matua transferred to Townsville and Simon Moyle decided to retire.

Other A Graders to leave and not return this season were Willie Pickering, Justin Baker and Craig Cochraine who all returned to Queensland and Andre Mertens who returned to West Australia. Needless to say, that as we approached the 1996 season we were looking to rebuild our A Grade team. With so many players leaving town we were not overly concerned as we had an outstanding array of local talent within our club to draw on. We were also excited at the prospect of Jock McLeod playing for the Bears in 1996 after he signed during the early preseason social competitions. We weren't concerned, that is, until a number of our most promising local players (Brad Rogers, Joe Carbone, Rodney Keelan & Brad Richardson) decided to transfer to South Darwin. Jock McLeod also moved across to Souths before the premiership matches had started. Needless to say we had our share of dramas early in the season. Souths had not endeared themselves to the other clubs either as they also signed a number of top players from them as well. South Darwin had amassed a formidable amount of talent and were being hailed as the million dollar team, and some believed that they would be unbeatable. The stage for the season had now been set and Souths would always be high on our hit liet.

To our benefit both Phil Matua and Mark House returned and Sion Leysley not only returned but brought a number of young players back with him. Stuart Baird, Brad Wallace and Chris Hampton all helped the club to consolidate in the early stages of the season. Stuart, Brad and Chris all returned to Southern climes by mid season after becoming a little homesick, however they did make a worthwhile contribution in the early matches.

In the seven round DRL preseason competition, we lost two matches, one to Nightcliff our closest rival for a number of years and one to the new boys on the block, the Katherine Kowboys. This was the first appearance by a Katherine based team in the DRL competition after an absence of about 12 years and they had started the season on fire, winning their first three preseason matches. They failed to go with it though when the going began to get tougher. The highlight of the preseason for Litchfield was the 42 - 8 defeat that we inflicted on Souths in our last minor round game. There was quite a bit of tension and ill feeling between our clubs at this stage and one should not underestimate the amount of motivation that our club and players were able to draw from this situation. We probably would have made it into the preseason final had it not been for a draw between Nightcliff and South Darwin which gave them both a one point advantage at the end. Nightcliff proved too good for Souths 16 - 12 in the final which was no big surprise as we had given Souths a belting the week before in the last preseason minor round match.

Our Reserve Grade made it to the Gatley Shield final by default after Souths had played an ineligible player in one of the Reserve Grade preseason minor round matches. In fact this was Jock McLeod's first game for Souths before he had applied for and obtained a clearance from Litchfield. This was a costly mistake as it not only kept Souths Reserve Grade out of the Gatley Shield final but also landed them a fine from the DRL. Nightcliff were too good for us in the Gatley Shield final as we went down 14 - 8.

displayed a certain arrogance with the manner in which they had persuaded players to break club loyalties in a quest to buy a premiership. This did not sit well with many of the leagues faithful. If fact we enjoyed an under dog status and most other clubs were actually rooting for us whenever we played against Souths. We did not disappoint them as we defeated Souths in each of our minor round games.

Club loyalty is becoming a rare thing these days but without it all clubs would collapse (unless they have an endless supply of cash). If everyone went over to the most popular club there wouldn't be anyone left to play against. Every

By the start of the season proper, and even though they did not win the preseason final, Souths had attained the reputation as the team to beat and were the most disliked among the clubs. This position is usually reserved for the

incumbent premiers and it was unusual that we were not the focus of envy and hatred from all the other clubs. Souths

Club loyalty is becoming a rare thing these days but without it all clubs would collapse (unless they have an endless supply of cash). If everyone went over to the most popular club there wouldn't be anyone left to play against. Every club has its turn at the bottom, we happened to be enjoying our turn at the top and it is difficult to comprehend why players who had worked so hard to get the club up to the top, would want to leave just when we finally reached the peek.

At the end of the day, the effect of the players leaving probably made us stronger as a club, as it certainly gave the ones who remained loyal, plenty of incentive, inspiration and determination to "keep the bastards honest". We had to dig deeper than ever before and new local heroes emerged, as we knew they would.

From a club point of view we had a disastrous start to the premiership proper, losing three of our first four matches. A lot of people were writing us off however we then got a 14 - 8 confidence booster against a fired up Palmerston and our first match against Souths came up in round 7. Souths were undefeated up to that stage and were hot favourites. Our club spirit was building up to boiling point for this match and we once again took them to the cleaners 22 - 10. This was a turning point for us and we realised that we were once again in full control and proceeded through the rest of the minor rounds undefeated. Local players Lloyd Pierce, Mike Cunnington, Paul Carbone, Leon Barlow and Jamie Ryan had all performed above expectations at this stage and newcomers Brad Shannon, Graham Mannix and Paul Rubie were adding a touch of class to the team. Souths recovered and also managed to dominate the other clubs for the rest of the season. In round 14, the last minor round for the season, we again defeated Souths however it was not as convincing with the scoreline at 16 - 12. Souths had led the premiership race all season and were minor premiers. We had come from near last at the end of round 4 and were now in second position. Toby Hawea had returned and young players Tony Doyle, Rhys Bradley, Mick Drury and Geoff Timms were also making regular appearances in the team. John Alder, Brad Shannon, Mark House, Mike Mendoza, Mike Cunnington, Lloyd Pierce, Paul Rubie and Leon Barlow were all in brilliant form coming into the finals.

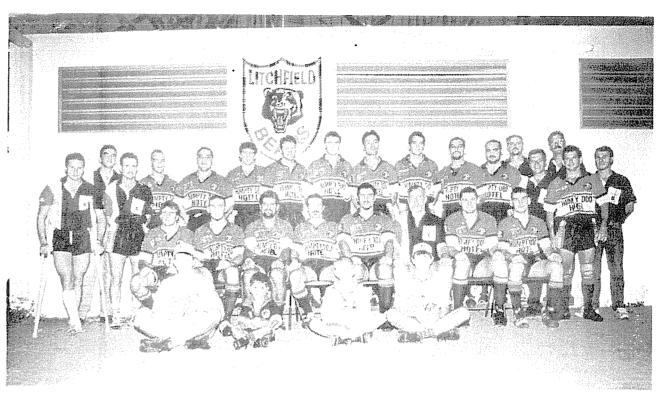

We went straight to the second semi final against Souths as hot favourites. This was the first time this season that we had been favourites against Souths. As on the previous occasions, the favourites were soundly beaten. Souths ran riot and extracted a certain amount of revenge in this game as they ran rings around us to the tune of 48 - 16. The loss ended an a 18 match undefeated streak against Souths by Litchfield (in 13-a-side preseason or premiership matches) which had started in 1992. Souths were no doubt relieved, however it should be said that it got the monkey off our back as well. The pressure to keep winning against Souths was enormous and we had taken them on in every match this season as if it were a grand final. Thank goodness we had the second chance and it happened in a match that didn't eliminate us. Nightcliff easily disposed of Palmerston in the elimination semi final so we once again had to do battle with our old rivals in the preliminary final. It was pretty much an even money bet with the bookies but on the paddock there was no doubt. Litchfield recovered from the previous week to make it into the grand final against Souths. We were not so lucky in Reserve Grade as they were eliminated by Katherine.

In the build up to the grand final, the DRL held its presentation night at the casino and our club featured highly in the award presentations. Sion Leysley received the award for the highest number of goals in the Colts competition, Glenn Yetman was awarded Best & Fairest in reserve grade and John Alder won the piece de resistance by winning the Frank Johnson medal as the best and most valuable team player in Darwin. The club was also named club champions for 1996.

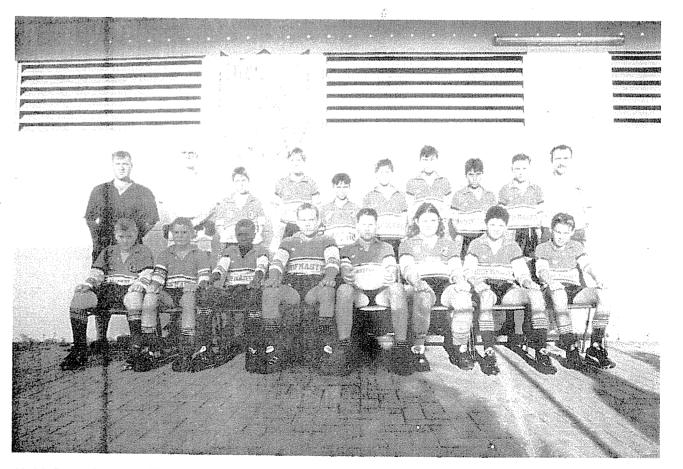

So the stage was set for a Souths v Litchfield showdown. Both clubs had dominated during the season and both were capable of winning, particularly as they were both at full strength. Souths had a team of name players and could be described as a team of champions while Litchfield was made up of mostly unknowns (until this season that is) which had developed into a champion team. As the saying goes "a champion team will always beat a team of champions" and this was once again proved on grand final day when we defeated Souths 21 - 6. It was a true fairy tale ending for us, all of our frustration's disappeared and our players became instant legends.

In the other grades, our Reserve Grade was knocked out in the Preliminary final by Katherine 18 - 14 and our Colts or U19's missed the cut and failed to make the semis.

Our U17's were knocked out in the semis also and our U15's made it into the grand final only to be beaten on the bell. The U13's ended with a great grand final win as did the U12's and U10's. The U11 were also defeated in the final after leading for much of the game. In all, the club won premierships in A Grade & U13's and were competition winners in U12 & U10's and once again Litchfield took out the club championship.

Talite Liavaa returned to Darwin on a short holiday at the end of the season and was a special guest at our end of season presentation night, held at the Humpty Doo Hotel. In tribute to our club, Talite presented his Tonga World Cup rep jersey to the club.

While the season was all but over for the club, one of our players had gone on to represent Australia and deserves a special mention. Sion Leysley was selected in the Aboriginal Youth Team which toured Great Britain towards the end of 1996. Sion now joins Talite Liavaa as another international player who has been connected with the club since changing its name to Litchfield. (NB A couple of other players of note who played for our club when it was known as Waratahs and went on to bigger and better things are Steve Larder who joined Illawarra and also played in England and Bruce McGuire who played for Sydney clubs Balmain and Canterbury and also represented NSW State of Origin and Australia)
